Region 5 700 MHz Allocation Plan V6.4 11-05-2010 FINAL.pdf (544KB); 700 MHz allotment changes 11-5-2010 cover letter to FCC.pdf (202KB)

Dave,

I do not see any potential interference between your proposal and our existing 700 MHz radio systems

here in Nevada. I therefore provide my concurrence.

Per the message on my phone calls attached is the spreadsheet with the changes highlighted in Yellow. None are close to your regions. Please reply with concurrence or let me know if you find a problem.

We are trying to get FCC approval as quick as possible to keep County of Riversides project on schedule.

Thanks

Dave Buchanan, Chair Region 5 700 MHz [Planning Committee](#)
